

## MAG6389L

### Network Outdoor Waterproof Slave Column Speaker

#### Description

MAG6389L is a 40W network outdoor waterproof slave column speaker, with waterproof unit, with high sensitivity, sound pressure level up to  $108 \pm 2\text{dB}$ . It mainly works with the master speaker MAG6389, and suitable for indoors and outdoors.

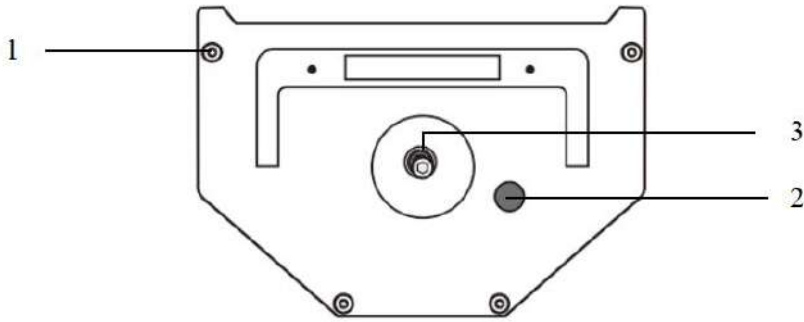

#### Features

- All-weather design, waterproof unit, suitable for indoor and outdoor, long life, high sensitivity ( $100 \pm 2\text{dB}$ ), clear and bright sound.
- The maximum sound pressure level of the speaker is  $108 \pm 2\text{dB}$ , and the effective frequency range is as wide as  $120\text{Hz} \sim 19\text{kHz}$ .
- Rated power 40W, low power consumption settings.
- Waterproof level IPX6, designed with waterproof structure.

#### Specification

Model	MAG6389L	
Acoustic System	Drive Unit	4"×4, 4"×2.5
	Sensitivity (1m, 1W)	100±2dB
	Max. SPL (1 m)	108±3dB
	Frequency Response	120Hz~19kHz
	Rated Power (RMS)	40W
Package Size (L×W×H mm)		711×315×225
Machine Size (H×W×L mm)		657×150×120
Gross Weight (2PCS)		16kg
Net Weight		6.2kg

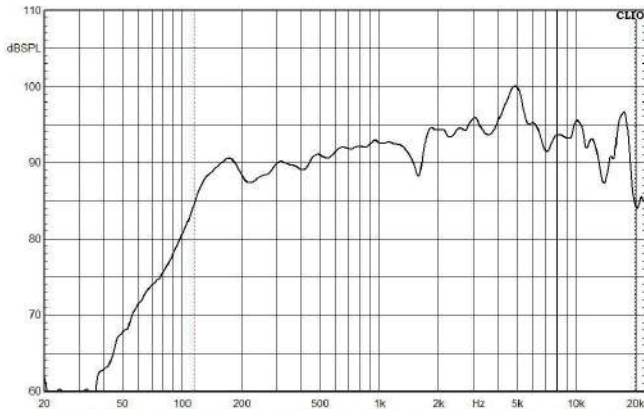

## Product Information

1. Fixing screw holes for the bottom cover of the column speaker
2. Master Speaker Connection Port
3. Fixing screw holes for the column speaker's installation

## Performance Diagram

1) Frequency Response: (dB SPL, 1W, 1m)

2) Distortion: (THD < 1.5% 1W, 1m, 120Hz-19kHz)
